Sir:

CORRECTED RESPONSE TO NOTICE REGARDING DRAWINGS

AND

CORRECTED SUBMISSION OF REPLACEMENT DRAWINGS

Further to a Response to Notice Regarding Drawings and Submission of Replacement Drawings filed on December 29, 2006, Applicants bring to the attention of the Examiner that the Response to Notice Regarding Drawings and Submission of Replacement Drawings filed on December 29, 2006 was signed by a patent practitioner whose registration number was inactive. Accordingly, Applicants submit concurrently herewith, a Corrected Response to Notice Regarding Drawings and Submission of Replacement Drawings signed by a registered practitioner whose registration number is active to be consistent with the practice of the USPTO.

In addition, pursuant to the Notice Regarding Drawings dated November 16, 2006, transmitted herewith are five (5) sheets of replacement drawings of FIGs. 1-5 to be substituted for the corresponding five (5) sheets of drawings originally filed in the above-identified application.

In particular, the Notice Regarding Drawings dated November 16, 2006 indicated that the drawings are objected to because left margin of originally filed FIG. 1 is not acceptable, and originally filed FIG. 4 includes illegible reference numbers, characters, and lines. Applicants have corrected FIG. 1 to fit within the acceptable margins and FIG. 4 to provide well defined and legible reference numbers, characters, and lines. Applicants respectfully submit herewith five (5) sheets of replacement drawings including amended FIGS. 1 and 4. This change is made in order to comply with the form requirements and no new matter has been entered.

Respectfully submitted,

MORGAN, LEWIS & BOCKIUS LLP

Dated: January 26, 2007
